SKILLS

Programming

HTML   CSS   React   NextJS   JavaScript   TypeScript

TailwindCSS   React Native   Python

Design

Figma   Photoshop

Language

Thai (Native)   English (Intermediate)

Others

Jira   Git   Vercel   MongoDB   PosgreSQL

STRENGTHS

📘 **Eager to learn new skills**

As a student who is about to graduate I'm looking for new ways. Continuing to develop and expand my skill set.

🕐 **Time management**

I consistently allocate time for weekly planning, strategically organizing tasks across days to ensure timely completion while prioritizing my well-being.

⬆️ **Adaptable to Pressure**

Adept at thriving in high-pressure situations, maintaining composure, and making sound decisions to meet challenges and deadlines.

PROJECT

The Farmer and The Viper 🔗
Game Project

📅 10/2022 - 12/2022

- 2D shooting game inspired by our childhood 2D shooting game combined with The Farmer and the Snake Moral Story
- Utilized Java to develop the core game-play mechanics, implementing object-oriented programming principles to create interactive, dynamic game elements such as character behaviors, weapon systems, and enemy, ensuring a robust and engaging gaming experience.
